- Promotes innovation;

- Safeguards the integrity of relations between AmCham members, supplies, governments, and other stakeholders and actors; and

OPERATING PARAMETERS

AmCham's operating parameters are comprised of our core values, which guide expectations for all AmCham employees and certain third parties who act on AmCham's behalf. These entities are expected to:

- Value and develop our employees' diverse talents, initiative, and leadership

FAIR AND OPEN COMPETITION

AmCham Sweden commits to observing and acting in accordance with relevant competition laws. AmCham Sweden further commits to observing and acting in accordance with all other relevant legislation.

POLITICAL ACTIVITIES

As an advocate for its members' interests, AmCham raises key issues and concerns with the Swedish, EU, and U.S. Governments. AmCham works with members to develop white papers and communications strategies to share with government officials and works with such officials by participating in dialogues and roundtable discussions to provide information on matters impacting American business and investments, including regulatory policies, and other issues of concern.

AmCham has a close working relationship with the U.S. Embassy in Sweden and with key U.S. Government agencies in Washington DC but is not affiliated with the U.S. Government *per se*.

- Examples of AmCham resources include our facilities, email, computers, and work time
- Examples of political activities include campaigning, fundraising, and hosting events on AmCham premises or during working hours

COOPERATION WITH STAKEHOLDERS & OTHER ACTORS

Cooperation with stakeholders and other actors is vital to create opportunities and conditions for success for Swedish-American businesses and is necessary to foster growth and development.

All interaction with stakeholders and other actors must take place in a transparent manner and be in all other respects legal and ethical.

It is important to note that all AmCham policies and programs must be confined to matters that are national in character, timely in importance, general in application, and of significance to business and industry. To this end, the following basic principles are followed:

- AmCham should not be placed in, or assume the role of a “special pleader” on behalf of a particular industry or geographical area by taking a stand on an issue of concern only to that industry or area
- AmCham should avoid intervention in narrow issues of intra-industry nature, such as matters that concern only a particular group or segment within an industry

In accordance with the above principles, AmCham may not be able to support certain industry specific or region specific concerns. However, if the issue is of sufficient importance to the several AmChams of a particular region, it is usually possible for the Chamber to lend its support on the basis that the matter has broader, worldwide ramifications for U.S. business and industry.

DOING BUSINESS WITH GOVERNMENT AGENCIES AND CONTRACTORS

Business with government entities, including business through government contractors and subcontractors, is subject to complex requirements that are often stricter than those for commercial customers.

AmCham must comply with all applicable laws and regulations when doing business with any government entity, and be honest and accurate in all dealings with government officials, agencies, contractors, and subcontractors.

Making inaccurate or incomplete statements to government entities may result in serious legal consequences, and may affect AmCham’s ability to do business with government customers in the future.

RELATIONSHIP WITH MEMBERS

AmCham Sweden will act in a manner that strengthens the Swedish-American business community and the reputation thereof. In all interactions, AmCham will strive for open and fair competition, and demonstrate mutual respect.

AmCham will not act in a manner which actively prevents or hinders any member’s compliance with relevant legislation.

DATA PRIVACY AND CONFIDENTIAL INFORMATION

AmCham Sweden respects the privacy of its members and those who visit the AmCham website in accordance with applicable laws. AmCham protects confidential information, including AmCham members’ confidential information, from unauthorized disclosure. For more information see our [Privacy Policy](#) and [Terms of Use](#).

GENERAL

The Board of Directors establishes Working Committees focused on topics aligned with AmCham Sweden's overall goals and objectives. The Working Committees are the preferred body for addressing issues due to the agility, expertise and flexibility inherent in the groups.

The overall aim of any Working Committee must be aligned with the mission of the Chamber - to be the voice of American business in Sweden. When a Working Committee considers conducting any activity or acting on any issue, it must keep this in mind to determine whether a common interest or issue for U.S. companies doing business in Sweden is being addressed.

Through the Working Committee system, AmCham Sweden encourages cooperation between member companies, enabling them to identify and address common issues, and achieve common goals.

AmCham Sweden fosters a thriving business community by providing networking platforms, sharing critical business information, and amplifying the voice of our members. Through our Working Committees, we develop and deliver clear, tangible and content-driven policy recommendations.

Policy serves as the foundation for every aspect of our work, and is fundamental to AmCham Sweden's mission. AmCham Sweden is the only network for American companies in Sweden that represents all industries, in all stages of growth, and as such is the de facto voice of American business in Sweden. One of our primary goals is to ensure that our members have the opportunity to participate in the political process and contribute to society as a whole. This can only be achieved by playing a role in Swedish, European and global policy-making, and this is where AmCham Sweden sets its sights.

The test for selecting the issues the Working Committees will engage on is as follows:

Is there a reasonable prospect of affecting change?

Is the contemplated position on any given issue in the best interests of members, and of society as a whole?

Is there a need for AmCham Sweden to participate in the discussion?

If all three factors are met, it is possible to proceed. If not, then AmCham Sweden needs to reconsider its involvement and the Working Committee may decide that it is not in the best interests of the membership to proceed.

EXPECTATIONS

In addition to knowledge sharing and addressing relevant issues, each Working Committee is expected to organize annual programs that are applicable to the specific interests of their group or the AmCham Sweden network as a whole. The Working Committee is responsible for organizing the substantive aspects of each activity. The AmCham Sweden office will manage invitations, registrations, and payments.

Each Working Committee is encouraged to recruit new member companies. In addition, all Working Committees are expected to work closely with the Government Relations Working Committee in the drafting of AmCham Sweden's Annual White Paper.

STRUCTURE

The composition of each Working Committee should reflect the AmCham network. AmCham strives for a balance of men and women on each committee, including the Working Committee Chair and Vice Chair. Committees should be comprised of members representing a variety of industries and companies. Working Committees should be of a manageable size, ideally 8 – 15 members.

CONFIDENTIALITY & COMPETITION

The Chatham House Rule is applied during Working Committee meetings. Under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed. This means that discretion should be applied to what is discussed during the meetings, allowing everyone to speak freely and without feeling restricted.

With reference to the Chamber's Business Code & Guidelines, Working Committees should pay special attention to the following clauses:

Fair and Open Competition

In gathering competing businesses from a variety of industries, it is important that all staff, member companies, and stakeholders are well-versed in competition laws and their implications when businesses meet both within and outside of the AmCham Sweden network.

AmCham Sweden commits to observing and acting in accordance with relevant competition laws. AmCham Sweden further commits to observing and acting in accordance with all other relevant legislation.

Cooperation with Stakeholders & Other Actors

Cooperation with stakeholders and other actors is vital to create opportunities and conditions for success for Swedish-American businesses. Cooperation is necessary to foster growth and development, and benefit the Swedish-American business community.

All interaction with stakeholders and other actors shall take place in a transparent manner and be in all other respects legal or ethical.

Relationship with Members

AmCham Sweden shall act in a manner that strengthens the Swedish-American business community and reputation thereof. In all interactions, AmCham shall work towards open and fair competition, and demonstrate mutual respect.

AmCham shall not act in a manner which actively prevents or hinders any member's compliance with relevant legislation.

OTHER

In the event that the Chair must step down due to a change in employment or a leave of absence, the Vice Chair shall temporarily assume the role of Chair, subject to approval by the Board of Directors.

The Committee Chair provides leadership and evaluates the accomplishments of the Working Committee on a regular basis. The Board of Directors appoints the Chairs of the Working Committees.

COMMITTEE MEMBER

Committee Members are employees of AmCham Sweden Patron or Associate members in good standing and contribute their expertise to matters before the Working Committee.

STAFF MEMBER

The Chamber staff provides assistance in executing activities planned by the Working Committees and serves as a source of information regarding current policies and areas of focus as determined by the Board of Directors. The Chamber staff assists as needed to ensure that the Working Committees function in accordance with AmCham Sweden's guidelines.

QUALITIES OF A CHAIR

1. Be a leader. He or she must command attention and loyalty.
2. Be able to communicate, think clearly, and express himself or herself concisely.
3. Be able to listen – to encourage ideas and opinions.
4. Be deeply interested in the subject matter of the Working Committee's portfolio.
5. Be willing to give the time and energy necessary to carry out the work of the committee.

DUTIES OF THE CHAIR

1. Plan – The Chair studies the tasks at hand and clarifies any points not thoroughly understood in cooperation with the Board Sponsor and Chamber staff. The Chair recruits individuals for the Working Committee. The Board Sponsor and chamber staff may also recommend committee members.
2. Conducts Meeting – The Committee meets to utilize its members in accomplishing a goal. Meetings are to be held as needed, start and end on time, with all members having the opportunity to report, suggest and participate. The Chair keeps his/her eye on the objective and goals of the committee and keeps the discussion pertinent.
3. Action – The Chair guides and motivates the group to produce.
4. Evaluates – The Chair continuously evaluates procedures and the progress of the Committee and its members.

RESPONSIBILITY

The Chair primarily controls the Working Committee's business, is responsible for ensuring that the activities of the Working Committee are aligned with the policy priorities and key topics established by the Board of Directors, and sets the agenda for each Working Committee meeting as follows:

- Introduction of any new members, reminder of the Working Committee's purpose and key topics
- Attendance: regrets and note attendance
- AmCham Sweden staff update
- Individual updates (general policy, company or industry specific developments)
- New business
- Decision items and assignment of tasks

- Determine date, time and location for the next meeting

To strengthen the connection between the Board and the Working Committees, each Chair is responsible for briefing the respective Board Sponsor on the committee's activities on a periodical basis and prior to each Board Meeting.

Each Working Committee shall submit a written report periodically to the Board of Directors, via the designated Board Sponsor.

AUTHORITY

The Chair, in consultation with the Board Sponsor and AmCham Staff, has the authority to add and remove Committee Members as necessary. The Chair does not have the authority to commit the Chamber financially to any project.

SCHEDULING/MEETING NOTICES

Meeting notices, including the agenda, must be sent to all Committee Members at least two weeks in advance of any meeting. Any necessary supporting documents must be provided early enough that Committee Members have sufficient time to review them. The Chair is responsible for informing the staff of any changes in a regularly scheduled meeting. The Vice Chair will run meetings in the absence of the Chair. In the event there is not a Vice Chair, the committee shall recommend a Chair from amongst its members to run the meeting.

PUBLICITY

Any form of publicity, such as a press release or an op-ed, must be distributed from the Chamber office. If a Committee Member writes a press release, it should be sent to the Communications Director of AmCham Sweden for editorial review and the Board Sponsor for consideration. Moreover, this allows for the necessary formatting so it can be identified as originating from AmCham Sweden. At no time should a press release be sent from a Committee Member's office.

COMMITTEE MEMBERS

Employees of AmCham Sweden Patron or Associate members in good standing are eligible to serve on Working Committees. Generally, volunteering to serve on a Working Committee means committing to do a proportional share of the Working Committee's work. The Chair may recruit Committee Members with input and support from the Board Sponsor and Chamber Staff.

When applying for membership on a Working Committee, prospective Committee Members must outline what they hope to accomplish if appointed, and demonstrate a commitment to the objectives of AmCham Sweden, rather than just company or industry specific goals. Committee Members are evaluated once a year.

FUNCTION

The Working Committees serve as the clearinghouse for all suggestions that are referred to them by the Board of Directors, members, and AmCham Staff concerning priorities that are or should be receiving the active attention of AmCham Sweden. Proposals for the creation of Working Committees are reviewed by the Board of Directors and acted upon at the discretion of the Board of Directors.

WORKING COMMITTEE OPERATION

Working Committees are action oriented. A successful Committee will:

1. Understand the policy priorities and key topics established by the Board of Directors – Make sure there is a clear goal to activities and agree on what is to be done. If there is disagreement, the Chair should be contacted for clarification.
2. Analyze any issues or activities – Understand all parts of any issue or activity and determine the sequence to be followed.
3. Assign work – Make specific assignments to Committee Members.
4. Gather facts – Obtain information required to intelligently address the task at hand. Avoid prejudices, previous opinions or beliefs.
5. Get outside help if needed – Use outsiders as advisors or consultants, but do not delegate responsibilities that the Working Committee is expected to assume.
6. Evaluate results – Determine whether goals are being met, and whether each member of the Working Committee is doing his/her part. Measures of Working Committee success include the number of activities organized, the number of issues advanced and, the number of new member companies recruited.

RESPONSIBILITY

A Working Committee is responsible for carrying out work related to the portfolio assigned to it by the Board of Directors. Each Committee Member is responsible for his/her work as assigned by the Committee Chair.

AUTHORITY

A Working Committee authority is delegated by the Board of Directors. Within the Working Committee, the authority lies with the Chair.

ACCOUNTABILITY

Committee Members are accountable to the Committee Chair. The Working Committee as a body is accountable to the Board of Directors through the Chair, Board Sponsor and the Chamber Staff.

QUALIFICATIONS

Members of Working Committee must be employees of AmCham Sweden Patron or Associate members in good standing. Participation on a Working Committee

requires a written request and approval by the Chair, with input from the Board Sponsor and Chamber Staff.

CAUSES FOR REMOVAL

Lack of interest in the Working Committee's portfolio and its progress is considered adequate cause for removing a Committee Member from a Working Committee. If a Working Committee Member is not present for three consecutive meetings, and in the absence of notification to the Chair, it will be assumed that the individual is no longer interested in serving on the Working Committee and he/she will be removed from the Working Committee's roster.

GUIDELINES FOR SUCCESSFUL COMMITTEE MEETINGS

1. Start and end on time. Meetings should last no longer than one hour unless previous arrangements have been made.
2. Involve all Committee Members in discussion.
3. Have an agenda and necessary discussion items prepared.
4. Identify the purpose of the meeting.
5. Adhere to the agenda.
6. Remember that meetings are a time to conduct business, not a social occasion.
7. Summarize your accomplishments.

HOW TO PLAN AN EVENT

Whether the activity is of short or long duration, comprehensive planning is essential. The success of a project is directly proportional to the amount of planning that is carried out.

1. **What?** Specifically, what is it you want to achieve? Define your objectives.
2. **Why?** To eliminate unnecessary action, question each activity. Be able to explain why it is being pursued. If you cannot explain why the Working Committee is pursuing a given activity, then the activity should not be carried out.
3. **When?** A beginning and ending time should be established not only for the entire course of action, but for each activity which constitutes the entire course.
4. **Who?** Committee Members must be assigned duties and responsibilities. Make sure that responsibility is fixed and clearly understood. Assign tasks to people in accordance with their skills and abilities.
5. **Where?** Not only the physical location, but equipment and other physical factors available or necessary to expedite the activity.
6. **How?** The answer to this question is obvious if you have carefully answered the previous five questions. Never ask "how" first. Instead, follow the logical sequence of the previous five questions and then ask "how" to double check.
7. Complete an Event Mechanics Memo (See Appendix) and send it to AmCham Sweden.

FREQUENTLY ASKED QUESTIONS

Does a Committee Member have to be a member of AmCham Sweden?

Yes, only members of AmCham Sweden Patron or Associate member companies or organizations can serve on Working Committees. At times it may be appropriate to bring in a guest as a reference or speaker but they are not to be added to the Working Committee rosters nor do they become a regular part of the meeting.

Who prepares the agenda for Working Committee meetings?

The Chair is responsible for preparing the agenda. The agenda must be provided to the members of the Working Committee and Chamber staff one week prior to the meeting.

Who sends out the meeting notices?

The Chair will send out the meeting notices at least two weeks prior to the meeting.

Is it necessary for Chamber Staff to be at all committee meetings?

No, however, Chamber Staff members may attend periodically.

Is there an attendance policy for Committee Members?

Yes, any individual who misses three consecutive meetings without notifying the Chair will be removed from the Working Committee. The Chair maintains a record of attendance and acts accordingly. It is very helpful if the Chair contacts the individual to see if the attendance problem can be resolved.

How long should a meeting last?

Most meetings, unless otherwise noted, should be completed within one hour. It is important for meetings to begin on time and to keep non-pertinent discussions to a minimum. Chairs should not bring latecomers “up-to-speed” on what has been discussed until after the meeting is adjourned.

How do the Working Committees work with the budget?

Working Committees cannot commit to spending money on behalf of the Chamber.

Who drafts press releases for activities?

Any form of publicity, such as a press release or an op-ed, must be distributed from the Chamber office. If a Committee Member writes a press release, it should be sent to the Communications Director of AmCham Sweden for editorial review and the Board Sponsor for consideration. Moreover, this allows for the necessary formatting so it can be identified as originating from AmCham Sweden. At no time should a press release be sent from a Committee Member’s office.
